

OWNERSHIP HAS ITS PERKS

Now that you've made an investment in vacation ownership, you're naturally anxious to get started on vacation planning. However, as was explained during the purchase process, it takes some time to get your account set up fully. While all of the benefits of vacation ownership are not available immediately, **there are ways to enjoy it in the interim.**

GOLD CARD BENEFITS

As an InnSeason Vacation Club member, you're entitled to a variety of perks that are specified on your Gold Card. These are available to you once your initial setup is complete which is approximately 3 weeks after your purchase, possibly sooner.

So...WHAT DOES THIS MEAN FOR YOU?

DAY USE OF RESORT AMENITIES

Pick one of the InnSeason Resorts that you'd like to visit for the day, **call the resort on the morning you intend to arrive**, then prepare for a fun day away!

Check in at the front desk, then you can use the amenities at the resort for the day.

25% DISCOUNT ON OVERNIGHT RENTALS

Are you in need of a little time away? Book a rental at any of the InnSeason Resorts for 25% off of the regular rental rate. This is available to friends and family and the owner does not have to be present. Call **508-957-1891**.

BONUS WEEKS

Other owners may have weeks at resorts outside of the InnSeason network which they aren't going to use. We make these available to InnSeason Vacation Club members for points or cash - your choice - on a first-come, first-served basis. The offerings may be anywhere in the world and they're great values. Be sure to check them periodically as the list is updated frequently.
