**INNSEASON RESORTS SOUTH MOUNTAIN REACHES AGREEMENT WITH
BLUEGREEN CORPORATION**

West Yarmouth, MA - InnSeason Resorts®, creators of the Northeast Experience® and leading providers of resort vacation and ownership opportunities, recently announced that Bluegreen Corporation based in Boca Raton, Florida has contracted to manage the sales, marketing and operations of InnSeason Resort South Mountain, located in Lincoln, NH.

Bluegreen Corporation, a leading provider of Colorful Places to Live and Play®, recently announced new agreements with resorts in Williamsburg, VA; Dennis Port, MA; Nassau, Bahamas and InnSeason Resorts South Mountain in Lincoln. These agreements add approximately 180 units of resort inventory and the opportunity for additional development.

InnSeason's Chief Financial Officer, Scott MacGregor says- "Bluegreen wanted a presence in New Hampshire and our South Mountain Resort was a perfect fit. It affords them the opportunity to step into an established, successful resort and to enhance their portfolio of over 45 owned or managed resorts. For us, the timing was ideal. It allows us to expand in other areas of New England, so we can offer alternate destinations to members of the InnSeason Vacation Club."

InnSeason Resorts™ was created as a regional brand of family-oriented resorts that combine the development and operations expertise of Dennis M. Ducharme, RRP, president; and the marketing resources of Curran Management Services (CMS®), and its founder, William E. (Billy) Curran, chief executive officer.

InnSeason Resorts®, include: InnSeason Resorts Pollard Brook, Lincoln (NH); InnSeason Resorts The Falls at Ogunquit (ME); InnSeason Resorts HarborWalk, InnSeason Resorts Captains Quarters, InnSeason Resorts Surfside, Falmouth (MA), and Mountainview Resort in Jackman, (ME).

InnSeason Resorts®, delivers "best-in-class" management, advisory and marketing services to resorts and developers nation-wide. For more information, visit www.InnSeason.com.
